=====

Reviewer suggestions:

Overall similarity rate of the paper should be less than 10%, and the similarity rate to a single source should not exceed 3% (excluding references and bibliography).
There must not be any AI generated plagiarism content in the final submitted manuscript. AI based content will be rejected & authors will be blacklisted by IEEE.
The paper must strictly follow the IEEE conference template.
A proper in-depth English grammar check of the paper is needed to avoid any grammatical errors.
Authors must ensure that all figures/tables are clear and must have a call out in the paper. All figures/tables must be labeled, numbered and explained in the paper.
Authors must avoid using any unethical means to reduce plagiarism. Using tortured words/phrases will lead to retraction of the paper form IEEE.
After updating, only the corresponding author of the paper is required to upload the final camera ready manuscript, plagiarism report (both normal & AI), registration data & other related information in the below google form by February 12, 2026 positively without fail.

Also, authors are advised to check the AI Plagiarism using a registered Plagiarism Tool like Turnitin. Online open source plagiarism tools should be avoided as the uploaded documents in those sites are not removed from their databases.

The paper registration details link is: <https://ci2a.info/registration.php>

The Google form link is: <https://forms.gle/5xHYwNHx56qKuFbL7>

After google form submission, all registered authors will be contacted for the copyright right transfer & pdf express conversion process.
