Dear Author,

It is a pleasure to accept your manuscript entitled "**Structure-Based Design and Computational Evaluation of Spiropyrrolidine Derivatives as Novel Acetylcholinesterase Inhibitors for Alzheimer's Disease**" in its current form for publication in the **Research Journal of Biotechnology**.

Thank you for your fine contribution. On behalf of the editors, we appreciate your research work and its quality and we look forward to your continued contributions to the Journal.

Membership is optional but still we request you to be a fellow or annual member of World Researchers Associations WRA (<https://worldresearchersassociations.com/fellowmembers.aspx>) to achieve our objectives for promoting research and researchers and saving the environment.

Our reviewers have also asked you to revise the references as per our policy and they have specifically requested for language improvement. After thorough corrections of text, references, language, spellings and punctuations, please send to us again at this email: info@worldresearchersassociations.com in seven days.

References should be in alphabetical order of surnames and you can access any manuscript of the current issue. Or you can also access one sample paper <https://worldresearchersassociations.com/chemcurrentissue/SamplePaper.pdf> for guidance regarding references.

Language corrections can be done by you but they should be as per style and format of our journal and to our expectations otherwise your publication will be delayed. For language corrections and proofreading, you are requested to pay Rs. 1500/- (US \$ 125 for internationals) at your earliest in case you are not able to do so. We cannot publish a manuscript which is poor in language. We have hired some professionals to check the language at our end as per the needs of our journals. The manuscripts we are receiving are very poor in English language. Punctuations, even full stops are missing at many places. Spellings are also not up to the mark.

Indians residing in India are welcome to pay by Paytm or google pay or Phonepe at mobile 9425056228 or online at the link:
